CALL FOR FULL PAPERS/DEMOS/POSTERS FOR ICICO-2023

On behalf of ICO'2023, we are pleased to invite you and your friends as well as your colleagues to participate in two-days International Conference on Intelligent Computing & Optimization (ICO'2023). The international conference will be held at G Hua Hin Resort & Mall, Hua Hin, Thailand on **27-28th APRIL, 2023**, from 8.00 am to 6.00 pm. The Intelligent Computing & Optimization is leading and staffing the conference activities and will provide a facilitator to help complete the task. Even though the Intelligent Computing & Optimization a central figure in this conference, we want to include representatives from other organizations and sectors involved in our local Intelligent Computing & Optimization. We would like to complete this assessment with all of our partners who play important roles in promoting and preserving the Intelligent Computing & Optimization across the globe.

The conference will use the Intelligent Computing & Optimization, which describe the level of performance and capacity to which all the conference activities and programs should aspire the global research scholars and involvement in this process provides an opportunity to discuss and respond to a series of questions about the status of the global research activities in Intelligent, Smart and Sustainable Computing. Within 8-9th October, 2020 of the conference, Intelligent Computing & Optimization will provide results of the success of the event in a report outlining strengths and weaknesses.

Information on ICO'2023 is enclosed, along with other details so that you may begin preparing to attend the conference.

We look forward to having you join with other conference delegates to take a close look at our ICO'2023 via the weblink at <https://www.icico.info/>

Please kindly share this information with your friends and colleagues across the planet. Thank you.

Sincerely yours,

With Kindest Regards

Steering Committee Chair ICO'2023
