

KMUTNB Authorizes Shenzhen FXB to Promote Academic Programs in China

King Mongkut's University of Technology North Bangkok (KMUTNB) has officially authorized Shenzhen FXB Industry-Education Integration Technology Co., Ltd., People's Republic of China, to act as its representative in promoting KMUTNB's academic programs and providing information to prospective students in China. This authorization is effective from March 2026 to August 2027. This collaboration reflects KMUTNB's commitment to enhancing its global presence and strengthening international partnerships.

Under this authorization, Shenzhen FXB Industry-Education Integration Technology Co., Ltd. is permitted to promote KMUTNB's academic programs and disseminate relevant information, including program details and admission requirements, in accordance with the university's policies and regulations. The company will also assist in facilitating communication and coordination with prospective students in China. KMUTNB retains full authority over all admission decisions. All applicants must meet the university's official admission criteria and follow established procedures.
